NOTE

Dated 2nd September 1934

Development Secretary

17 I have observed in several places near the quarters of scavengers sweepers and similar other classes of people are miserable looking and not at all satisfactory I have also received letters from some of those interested in the uplift of this community pleading that the question of the proper housing of these people should receive the urgent and sympathetic attention of the State

18 I feel that this is a matter in which we should no longer mark time but that it should be tackled in a continuous systematic and earnest manner I should very much like the attention of all Municipalities in the State drawn by means of a circular to the importance of this problem and the necessity for these local bodies to interest themselves in and adopt suitable measures for, the proper housing etc, of these classes of people in their respective areas

Subject - Providing housing accommodation to sweepers and

Sir,

With reference to your letter NO L 8915-22/11 279-33-2
dated 22nd June 1934 calling for a report on the above subject,
I have the honor to state that the matter is engaging the
attention of the several Municipal Councils in this District
as far as possible as seen from the reports received from
the Presidents of the Municipalities

In the Chitaldrug Town, necessary action is being taken
to form a separate colony for Adikarnatakas. The President,
reports, that the question of providing suitable housing accommo-
dation also is under the consideration of the Municipal Council
and that the same would be taken up when the finances of the
Municipality improve

In Davangere Town the question is under the active
consideration of the Municipal Council. The President, reports
that action is being taken to improve the living condition of the
scavengers and sweepers of the Municipality in several ways.
Lands have been acquired at the cost of the Municipality, and
a separate Adikarnataka Colony has been formed where houses
have been built by a few of the sweepers and scavengers. The
Municipal employee's co-operative Society has advanced them
about Rs 2,000/- for putting up neat houses

As regards Harihar Municipality, it is reported that
a separate colony in a healthy locality has been formed for
sweepers and scavengers and that the Municipal Council have

granted sites-

granted sites free of cost to the two scavengers employed by them

Chellakere Municipality - The President, has reported that an estimate has been prepared for providing ~~xxxx~~ housing accommodation at an estimated cost of Rs 3,710/- and that the Municipal Council are agreeable to pay half the cost of the estimate and request that the other half might be met out of the Government grant

as yet

I may add that the importance of providing proper housing accommodation to the sweepers and scavengers employed by the several Municipal Councils has been impressed upon the Municipal Councils and that necessary action will be taken as funds permit
